CONFIDENTIAL

MEMORANDUM FOR: [REDACTED]

1. Here are drafts of the two graphics the DCI requested in connection with the Cyprus Proposal.
2. Please include them in the package you send forward. You may want to include a sentence in your forwarding memo to the effect of, "Included for your review are OGCR's drafts of the maps you requested."
3. In the 15 May meeting the DCI indicated that he also wanted to see the areas that the Turks most likely would give up to get to 28%. Apparently ORPA is having a problem answering that question. When it is answered OGCR could modify the Cyprus map to include that information.
